銀河 *yín hé* or Silver River is the formal name of the Milky Way galaxy.

家 *jiā* or House is the character for family.

In the context of a regency representing higher order consciousness, 家 refers to a family of “specialists at natural law” embodied on earth (方士 *fāng shì*).

In the *Book of Changes*, such specialists are also referred to as 人利女 “people who serve the Maiden” – awakened human beings who are 貞 “incorruptible.”

女 “the Maiden” refers specifically to the divine feminine “Numina of Infinite Potential” – the unlimited field of unseen quantum possibilities.

Her sigil is a black sphere ●; its literary name is 玄陰洞府 *xuán yīn dòng fǔ* or House of Cavernous Darkness.

Her earthly regent is 女媧 *Nüwa* or Lady Snail Goddess; her seal is **1547** and her primordial resonance is 無極 *wú jí* or “pure potential, no polarity, no movement, no distinction” (fertile void before creation – superposition).

This peerage is identified under Title 6, Chapter 5, Section 5, image 37, line 221 of the *Codes of Great Brightness*.⁽¹²⁶⁾
